WATCH BEAUTIFUL SOUL

AW:11 - Painting by Numbers. from [Beautiful Soul London](#) on [Vimeo](#).

With my wild garden in the planning, I can see myself equally floating about our new country oasis and sipping a G&T at my local HarbourMaster hotel bar wearing Beautiful Soul's Autumn/Winter 2011 collection - and their styles seem equally spot on for the warmer months too. Escapism, romance, country gardens and beautiful flowers come to mind viewing this collection. If you have a couple of minutes, we definitely recommend a peak. Having fallen in love with this eco fashion label when they debuted a few seasons ago, I feel this label went from a high to a low. Having viewed this upcoming and current collections, I feel they've come up again. We're thinking more soft yet vivid and definitely more wearable. Please visit [Beautiful Soul](#) for more information.
